The silver wing of the Republi can State Conventio: unanimously adopted the marwing platform: The covernion enderses and adopts the platform of the Republicas State Convention, held at Va

city on the 30 of April last, as fol-

Resolved. That we condemn the Republican party of the Eastern states and the admini-tration of President Harrison, insolar as they have failed to ac emplish the complete remone ization of silver, and to enact laws providing for the free and unrestricted coinage of that metal.

Resolved, That the restor tion of silver to the place it occupied previous to the passage on the Mint Act of 1873, is essential to the prosperity of the country and paramount to all other political considerations. The legislation which robbed silver of its money functions and denied to the owner of silver bullion the right to nave the same coined into money upon the some terms and conditions which a ply to the c image of gold, reduced the money of ultimate redemption or sayment, about onehalf, and enabled the owners of money and obligations payable in money to monopolize the coin of the commercial world.

Resoived, That the people of Nevada are in favor of the coinage of silver upon the same conditions which apply to the comage of gold, and they are opposed to elevating any person to office who Gffice and Residence on block back is not known to be unequivocally in f. vor if opening the Mines of the United States to the free and

In view of the unsatisfactory attitude of President Barrison to the paramount issue of the remonetization of silver, this convention will make no neminations fo Presidential electors and the State Cantral Committee to be appointed by this convention shall have no authority to put in nomination electers

The Convention cordially enderses the vigo ous efforts of our Senators and Representatives to secure the free and unlimited coinage of silver, and the educational work that they have done in presenting the true issue between the money powers and the bondholders and laborers and producers of

wealth And we favor the continuation of agitation and contention for the free and unmitted cottage of silver at the present ratio of 16 to 1, for their own benefit and for the out fit of the people at large miners, farmers, laborers and me chanics.

The citizens of Nevada, representatives of the various silver leagues, irrespective of past party affiliations, in convention assembi-300 NICE ROOMS, ed, do set forth the following declaration of principles:

Fi st. We demand the full remon tization of silver and the free and unlimited coinage thereof, at the present ratio of 16 to 1

Second. We are radically and unalterably opposed to the National Republican and Democratic parties on the question of the ree coinage of silver and we denounce the action of their recent national conventions as inimical to the material interests of the people of the United States, and especially to

those of Nevada and all the other mining states and territories, and we therefore repudiate the nominees of their corvention. Third. We place the nominees of this convention for Presidential electors to support no man for President or Vice-President of the United States who is not unequivocally in fover of free coinage as

defined by this convention. We reseave to the silver leagues of Nevada, in Convention assembled, the right of directing said Presidential electors for whom to cast their votes, should contingencies require. GEO. S NIXON, Chairman State Committee of Sil ver party.
